GOVERNMENT 5-STAR SAFETY RATINGS

Overall Vehicle Score

★★★★★

Based on the combined rating of frontal, side and rollover. Should ONLY be compared to other vehicles of similar size and weight.

|                                                                                                                        |            |       |
|------------------------------------------------------------------------------------------------------------------------|------------|-------|
| Frontal                                                                                                                | Driver     | ★★★★★ |
| Crash                                                                                                                  | Passenger  | ★★★★★ |
| Based on the risk of injury in a frontal impact. Should ONLY be compared to other vehicles of similar size and weight. |            |       |
| Side                                                                                                                   | Front seat | ★★★★★ |
| Crash                                                                                                                  | Rear seat  | ★★★★★ |
| Star ratings based on the risk of injury in a side impact.                                                             |            |       |
| Rollover                                                                                                               |            | ★★★★  |
| Star ratings based on the risk of rollover in a single-vehicle crash.                                                  |            |       |

Star ratings range from 1 to 5 stars (★★★★★) with 5 being the highest.
